DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William G. Lane on 16 August 2005.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: the informal drawings with proposed amendment submitted by the applicant on 12 March 2002 have been further amended by the examiner as shown in the attachment. The two sheets of drawings are now labeled Figure 1 and Figure 2. The circle shown at stage C of Figure 1 now shows --see Figure 2-- instead of "see attached" .

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Applicant is also requested to amend the specification accordingly regarding the brief description of the drawings without introducing new matter.

Allowable Subject Matter

Claims 41-43, renumbered as 1-3 are allowed.

The following is an examiner's statement of reasons for allowance: the allowable subject matter of claims 28, 29 and 30 now canceled following the decision of the Board

Art Unit: 2163

of Appeals and Interference of 9 September 2004, has been incorporated into new claims 41, 42, 43.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
